Superskill:

- Some CRAZY infographics

Successful Sideprojects:

- branchtrack.com - elearning service
- yaklass.RU - education service

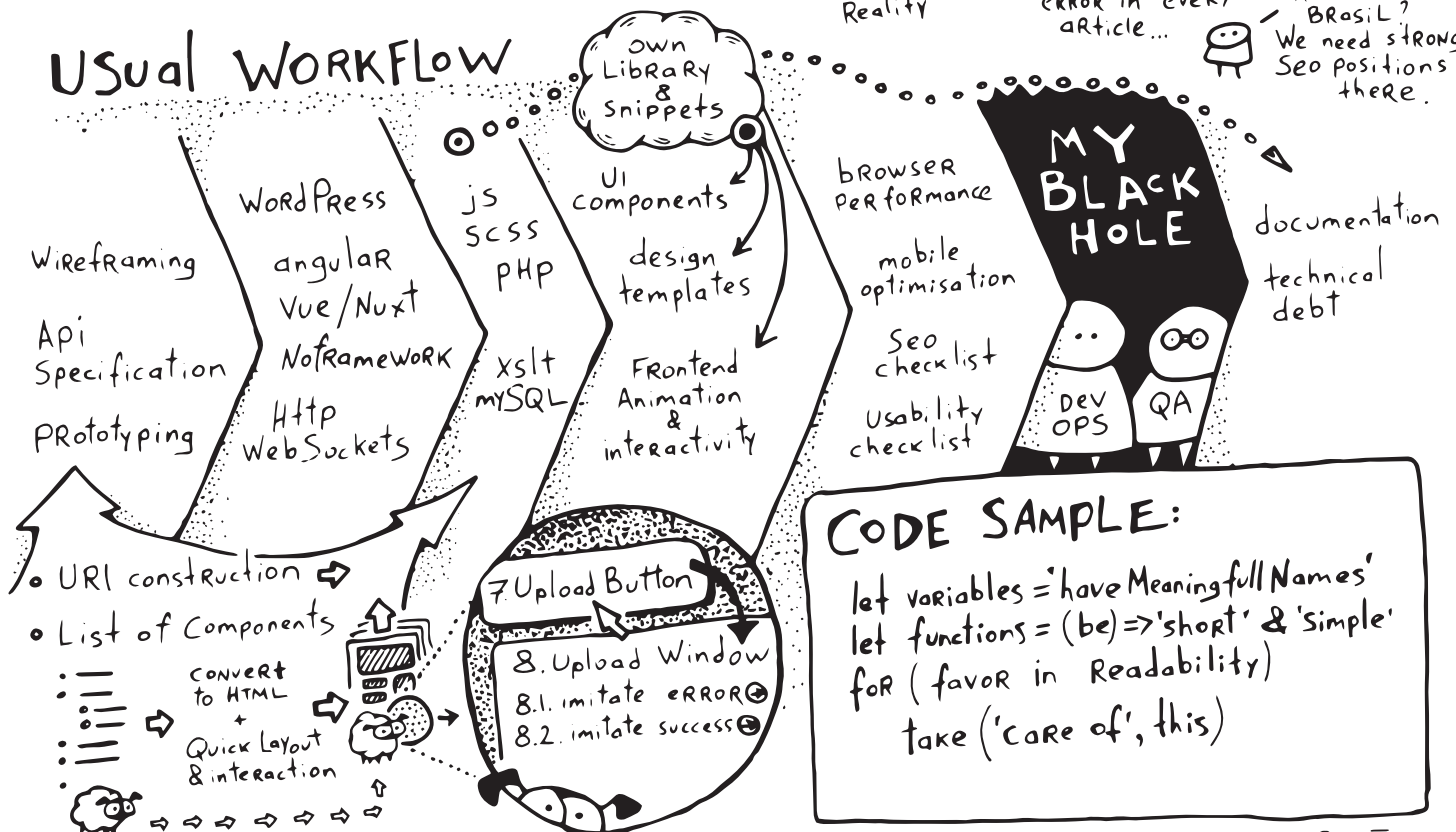

- Some marketing websites (wordpress)
- Some API for product base

its Like:

Hi, i have 7000 unformatted Articles in google DRIVE. Could you update website?
We need google Page Rank above 90
oh, could you 'do it again?' there was a little ERROR in every article...
How about BRASIL? We need strong Seo positions there.

USUAL WORKFLOW

CODE SAMPLE:

```
let variables = 'have Meaningfull Names'
let functions = (be) => 'short' & 'simple'
for (favor in Readability)
  take ('care of', this)
```
